About me

I am a quick learner, willing to adapt to any job and learn new thing. I am also skilled in dealing with problems to achieve targeted goals. I have experience as an associate programmer in Binus IT Division and based on personal project for more than 5 years.

Experience

Associate Programmer

Binus IT Division — Mar 2025 - Feb 2026

- Developed and maintaining internal web applications used for academic and operational needs.
- Collaborated with the teams to analyze requirements and implement technical solutions.
- Participated in debugging, optimization, and feature enhancements to existing systems

Project Leader

- Led the development of a website for RW 08 to help manage community information and communication.
- Worked directly with user to gather requirements and make sure the website met their needs.
- Involved in the project from initial planning until deployment.

Personal Project

- **Website**
  Develop various website using vanilla JavaScript, .Net, and ReactJS
- **App**
  Develop shopping App using React Native

Education

Binus University

Computer Science, in Progress

Sang Timur Senior High School

2021 - 2024
